A HIGHLY FANCIFUL AND FUNNY NEW MUSICAL ABOUT FATHERHOOD, FAMILY, AND FORGIVENESS.

“A heartfelt, powerful and movingly scored musical full of quality writing..”
– Chicago Tribune

Based on the novel by Daniel Wallace and the acclaimed film directed by Tim Burton, the musical *Big Fish* introduces audiences to Edward Bloom's world of giants, witches, and other larger-than-life characters while touching the hearts of the young and old alike.

Edward Bloom is a traveling salesman who lives life to its fullest. Edward's incredible, larger-than-life stories thrill

everyone around him – most of all, his devoted wife Sandra. But their son Will, about to have a child of his own, is determined to find the truth behind his father's epic tales.

Big Fish reminds us why we love going to the theatre – for an experience that's richer, funnier and more extraordinary than life itself.
